Spiritual guidance and nourishment are essential to the well-being and survival of any nation or community. Attend the church of your choice next Sunday.

In the heart of the fabulous Florida Everglades where fresh winter vegetables for the whole nation can be produced. Investigate our possibilities.

Volume 17, Number 15

Steady To Higher At Monday's Sale

With only stocker heifers showing a lower price over last week, the 552 cattle sold Monday brought a total of \$41,326, with 55% going to slaughterers.

George Young says, "Selling calves by grade could well be the next important improvement to marketing livestock in Florida."

"Miami alone slaughters more than 2000 cattle and calves per week."

"Do you check the bedding in your livestock truck each time you load it? An animal down in a truck is usually bruised in the joints, a valuable meat cut. A beef suspected of being bruised is discounted up to \$2 per CWT, \$18.00 on an 800-lb. steer, or \$20 on a 1000-lb. steer. WHO LOSSES?"

OCTOBER 22, 1956
552 Cattle \$41,326.17
55% to Slaughter — 45% to
(Continued from page Eight)

Gain In Postal Receipts Shown

Postal receipts for the first accounting period commencing June 30, 1956 and ending on October 19, 1956 were 11.4% over receipts for the same period last year, according to a report by the postmaster, George P. Farnall. Mr. Farnall stated receipts this year for the period were \$12,659.38, as compared to \$12,259.25 for the same period last year.

This, of course, does not show how much of the increase is due to receipts that would have normally accrued to the Chosen, Florida office which was discontinued effective the first of the year, he said.

Mr. Farnall stated that the office would resume its normal schedule of opening and closing hours of service to the public effective Nov. 5 as follows: all service windows excepting the money order window, will be open from 8 a. m. 'til 6 p. m. daily except Saturday when all windows will close at noon. The money order window is maintained open from 9 a. m. to 5 p. m. except on Saturday, when it will be open from 8 a. m. 'til noon. Since June all service windows have been closed at 5 p. m. daily except Saturday when they closed at noon.

Rams Clash With Marauding Indians Here Tonight In Important Contest

By J. S. McCASKILL
Although they blew their chance to take over undisputed possession of second place in the Suncoast Conference standings last Friday, opportunity will knock again for the Belle Glade Rams when they tangle with the marauding Indians of Vero Beach here tonight. A victory over the high riding Indians would still leave Vero in the top spot but it would also put Belle Glade, Cleveland, and Port Pierce in a three-way tie

Mrs. Vernie Boots Speaks To Sorority

"Value of Friendship to Exceptional Child," was the subject of Mrs. Vernie Boots, guest speaker at the regular meeting of Beta Sigma Sorority Thursday night at the home of Mrs. Lorenzo Connell with Mrs. Rodney Connell as co-hostess.

A teacher of exceptional children in this area, Mrs. Boots gave a very interesting and informative talk. She was introduced by Mrs. Grant Averill in charge of the program.

The group made final plans for the sweet shop at the Halloween Carnival. Announcement was made that the exemplar degree would be conferred at the next meeting which will be held at the home of Mrs. Robert Mathews on Nov. 8, and that three entries had been sent to the National office in the Valentine contest. They were Mrs. Harold Zumpf, Mrs. John G. Abbott, and Mrs. Charles Burkett.

Stuart Wins Over Belle Glade 14-6

By J. S. McCASKILL
It's the truth, the pure, unadulterated, unvarnished truth. From 11:30 p. m. Friday night until the wee small hours of the morning the stadium of the Belle Glade fans revolved from one popular gathering place to another searching vainly for someone to tell them, "It ain't so." A waitress was heard to comment, "You'd think some of these folks had lost a member of the family instead of just a ball game." Aside from the fact that the Rams lost to a good ball club that was unusually steamed-up, they were the victims of their own complacency and overconfidence that is often the result of that "newly rich" feeling that comes with early season successes. The coaches, fans, and even the

Annual Carnival Is Huge Success

An estimated crowd of over 800 attended the festival Annual Halloween PTA Carnival Wednesday night on the Elementary School grounds.

Highlighting activities was the colorful costume parade of over 500 boys and girls led by the Belle Glade High School Band, in charge of Mrs. George Wedgeworth.

First prize winners were presented silver dollars and a blue ribbon and second, third and honorable mention were awarded blue ribbons.

Winners in the first group of children, age 1-3 were 1 — Mary Munroe, 2 — Teresa Nelms, 3 — Alice Lamb, honorable mention — Benny McGee. Preschool, 1 — Debbie Lane, 2 — Judith Ann McMillan, 3 — Susan Royal, honorable mention — Carol LeGost.

First Grade, 1 — Richard McMillan, 2 — Jimmie Parker, 3 — Jimmy Seale, honorable mention — Martha Mikovsky. Second grade, 1 — Steve Kirkman, 2 — Anna Marie Roberts, 3 — Donna Davis, honorable mention — Karen Marie Dux.

Third grade, 1 — Janice White, 2 — Gene Hollingsworth, 3 — Georgia Mikovsky, honorable mention — Barbara LeGost. Fourth grade, 1 — Daryl Parrish, 2 — Lee Ann Berryhill, 3 — Paul Llewellyn, honorable mention — Don Wilkinson.

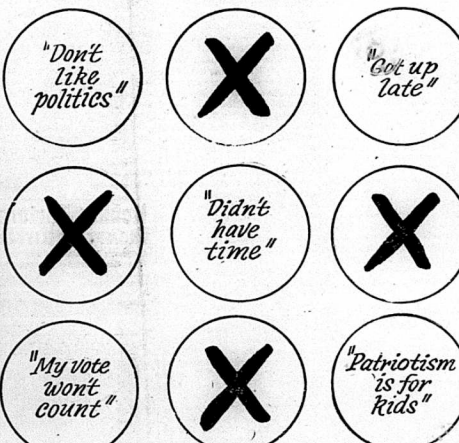

Fifth grade, 1 — Doris Nicholson, 2 — Bonnie McWhorter, 3 — Patsy Dooley, honorable mention, Linda Lively. Sixth grade, 1 — Frank Rider, 2 — Barbara Baker, 3 — Sharon Blair, 7th — Betty Hall, 7th, honorable mention, Edward Tankless, 7th Band, 1 — Jim Pope, 2 — Margaret Irvin, 3 — Kay Reeves, honorable mention — Steve Weeks.

Following the parade the new 1957 Chevrolet was displayed by Glades Chevrolet Co., the 1957 Ford by Belle Glade Motors, and the 1956 Buick by Bob Davis Buick, Inc. Others giving donations were Thorneburg Tractor Co., Lou Glades Equipment Co. and Florida Power & Light Co.

The midway was a gala scene of activity with the following booths and entertainment: The Women of the school cafeteria; a children's served spaghetti supper in the cafeteria. The fifth grade sponsored a homemade candy booth; PBW Club, cold drinks; Fish Pond, Jay-C-Ettes and Jaycees; Hot Dog Stand; Glee Club; hamburger stand; and Trampoline, Rotary Club; Spookhouse, Lion Club; Sweet Shop, Beta Sigma Phi Sorority. Other booths operated under PTA were Ring-A-Pin; Snowballs; Candy, gum, ice cream sticks; Popcorn.

Dance in auditorium; Tractor Ride; Coastal Motor and Equipment; Horse ride; Pony Wagon ride, sponsored by Boyce Mayo; Hayrides by Wedgeworth's. Mr. and Mrs. Robert Abel were in charge of the Carnival.

Is This The Voting Picture In Your Block?

The Constitutional Amendments

I — Provides for the establishment of three Courts of Appeal to relieve the Supreme Court of its present congestion, and for further relief in the courts.

Available reliable information indicates that this should be granted in order to afford justice to many who now wait from six months to two years.

II — Home rule for Dade County. The proposal insures the voters of Dade County an opportunity to vote on the exact Charter it will adopt, and on any changes.

Organized labor at the top — opposes this home rule attempt on the part of Dade County.

Mixing in this is just about like voting that your neighbor may not be able to choose oatmeal or grits for breakfast, and the reasons offered in opposition are about as far fetched and milky.

IV — The Legislature thinks it should be able to call itself into session if 60% of its members think it necessary, despite the whims of whomever is governor.

If you agree with this, VOTE YES

V — Just another form of MISrepresentation — continuing the domination of the State of Florida by 44 small counties, who, altogether, pay a small part of the cost of running the state.

If you believe in the rule of the majority of voters

VOTE NO

XI - IX - X - XII — Of interest to counties other than Palm Beach.

VII and VIII — Has to do with school Trustees and the County Superintendent. One does away with the Trustees and the other recommends while the County Board spends the money and hires the teachers.

The other makes the County Superintendent an appointive office, instead of an elected one. It is thought more efficient Superintending will be done if the entire authority is in the Board.

Some argue that as long as the Trustees are now constitutionally backed, it might be well to make the County School Board a constitutional body instead of one subject to the whims of the Legislature.

There doesn't seem to be too much opposition to doing both things eliminating the Trustees and making the County Superintendent appointive, but some argue that the County Board should be made constitutional at the same time.

Why don't you know why, but organized labor, against changing either of these.

XI — This allows the legislature to establish Civil Service Boards in municipal, County and State employees not elected by the people or appointed by the Governor. This gives protection to existing civil service authorities and provides protection for all city employees.

XII — One provides for an additional judge for the Criminal Court of Record for Palm Beach County. This appears advisable for the proper operation of the courts in our growing county.

The last one provides for the establishment of a Park District and the issuing of \$10,000,000 in bonds for securing and equipping beach parks in the lower part of the county.

There's some opposition in the area affected, and probably it should be left to them to decide.

(Continued on Page Five)

PERFORMANCE — NOT POLITICS — COUNTS!

The Florida Legislature, coming up, will be Democratic. The National Congress, both in the Senate and House, will be controlled by the Democrats — they have gained consistently in elections since '44 and political observers predict a Democratic control.

An Israeli in Cairo would be much worse off politically than a Republican in either Tallahassee or Washington, so far as getting anything done.

Palm Beach County has a legislative delegation in Tallahassee that is hard to beat in their effective teamwork. It has proven its worth in the immediate past sessions.

So, if we expect effective work for this county in Tallahassee we should return Dick Dickinson to the Senate and Blank and Roberts to the House.

Paul Rogers, as Congressman, has stepped into the shoes of a widely known and beloved father and has been able to transfer many powerful friendships to himself and add stature to his district's representation through youthful aggressiveness and sound legislative thinking.

The Kennedy-Rogers Act, linking his name legislatively with that of the runner-up in the vice Presidential nomination is an accomplishment to honor long-experienced House members. For a first-tymer — it's most highly commendatory.

Paul Rogers appears to be a natural—he's honest, he's young, he's aggressive, AND HE'S EFFECTIVE.

We can't afford to lose his standing in Washington.

Glades Livestock Market Operation Complimented In Official Bulletin

Ed Reddy Fla. Chairman Red Cross Fund Drive

Next year's membership and funds campaign for Red Cross chapters in Florida will be headed by Ed Reddy, District Manager of Southern Bell Tel. & Tel. Company at West Palm Beach. He was appointed by National Campaign Chairman, H. S. M. Burns of New York City. Reddy is Chapter Chairman of the Palm Beach County Red Cross.

L. M. Hardy Burned On Hands And Neck

L. M. Hardy, teacher of Science in the Naples High School received third degree burns which will require skin grafting on two fingers of his right hand and one finger on his left hand. He was demonstrating white phosphorus, same as used in incendiary bombs when it exploded. Mr. Hardy who was formerly from South Bay was visiting in the Glades area this week.

He was also burned on the neck which has healed since the accident about three weeks ago.

Belle Glade Schools Get 26 New School Rooms From Bond Election

When Palm Beach County school officials want to "point with pride" at an area with a record for white and negro students, they turn to Belle Glade, where there is a modern high school for each race.

Each school "plant" — the educator's term for one or more buildings at the same site — is on sizeable acreage, Belle Glade High and Elementary on the north side of the highway, Lake Shore High and Elementary to the west.

There is only one catch to the School Board's pride in its Belle Glade facilities — they aren't large enough.

The school population has reached 1,143 at the white schools and 959 at Lake Shore. To speak of the 137 at Cecilia lar supply center and 193 at Okesechere center. If the school bond issue is approved by voters next Tuesday in the election of the schools of Belle Glade will get 26 new classrooms and expansion or addition of much-needed shops, music rooms and physical education facilities.

The computed cost of the Belle Glade taxpayers will be 57 cents per \$100 of county taxes paid by last year.

"The great need for more classrooms in the Belle Glade schools as well as the expansion of other facilities because of the city's constant growth is why we urge you once again to go to the polls and vote on the school bond issue next Tuesday," said Chairman Joe Blank of the Citizens Committee for Better Schools.

Serving from Belle Glade on the Citizens Committee are: Junior T. Harris, Mr. and Mrs. Frank C. Dooley, Joe Friedheim, Herman Cline, Mrs. Ruth Wedgeworth, R. E. Howard, and W. C. Taylor.

Glades Livestock Market, a cooperative, has set records over the five-year period '50 thru '55, that out-bid the "big gun" — Texas — and that have caused it to be selected by the Farmer Cooperative Service of the USDA as the subject of an official pamphlet for the only one in the United States.

Mr. C. G. Randall, of the Livestock Marketing Branch of the Marketing Division, Farmer Cooperative Service, USDA, has studied the operation of the local market for several years and found sufficient successful phases of origin and operation to use as a sample for other markets, both existing and prospective. Needless to say, there were also some difficulties and their solutions which are to be made that are also typical.

Mr. Randall says: "In ten years the Glades could be one of the largest finishing and fattening sections in the United States," and points out that the Glades Market has:

- (1) Provided a marketing service to more than 1,000 members;
- (2) Provided facilities where feeders and pasture operators can obtain replacements;
- (3) Provided a source where packers, slaughterers and butcher buyers of Florida and South Georgia secure their requirements.

The Glades market started on May 12, 1950 in leased facilities and purchased them on February 1, 1952 for \$85,000. Since that time there have been added facilities costing approximately \$49,000.

In 1951, 27 consignors brought 13,693 cattle for sale; in 1952, 1953, 1954 and 1955, 50,394 cattle for sale.

In 52-55 the market paid \$13,767 income taxes on non-member income amounting to \$13,767 and refunded to patrons \$27,596 in savings. The total (Continued on Page Three)

CLASS IN FIELD HOUSE at Lake Shore high school has only benches to crouch on, with showers (upper left) and washbowl as background in "classroom."

NOTHING LIKE using the old Belle Glade Elementary school for band sessions. Photo above shows students leaving shaky old building which is only space left in overcrowded school. If voters approve the school bond issue next Tuesday, Belle Glade will get new classrooms and other facilities including a new music room.

GLADES LIVESTOCK

(Continued from page One)

savings in '55 to patrons were \$22,260.

Among the services given the cattlemen, as pointed out by Mr. Randall, are "making the guesswork out of operations and bringing stability to the industry."

The matter of bringing pure bred animals from other sections for sale so that local cattlemen may more easily improve herds is an important added service, it is pointed out.

Efforts to level the supply and demand—eliminate the lows and extreme highs in supply and price—bring this comment, "the Glades Market is doing a better job in handling a large share of volume in the second quarter before price breaks late in year."

Field service which provides personal visits to the cattleman's pastures and lots can be

increased by the local organization, according to Mr. Randall. Insect and disease treatment and prevention, feeding procedure, grading and penning selling are times of importance to the cattlemen where they may be greatly assisted.

The Management and Directors came in for compliments on the procedure of receiving, handling, selling and remittance for cattle sold in the report, and suggested routine improvement.

The prompt remittance to cattlemen for sales and the extremely low loss to the market is pointed out for study by other markets.

Pen-lot selling is not only a great advantage to the seller, but speeds up the per hour average sales with consequent lowering of selling costs. This method attracts buyers who may secure their day's needs in large lots rather than picking off desirable animals one by one. Buyers are inclined to pay top prices for a lot that are properly graded as to size, color and grade.

This report pointed out that "the volume of cattle handled increased much faster than the cattle population in the state."

It has been reliably estimated that in an area inside a 25-mile radius of the market there were \$5,000 cattle in '45; in '50 there were over 35,000; and in '56 it is estimated there are over 85,000.

An advance copy of the pamphlet has been received locally, but copies will be available at the local market as soon as the issue has been formally announced.

Two Fires Sunday Laid To Teen-Ager

A teen-age fire bug was picked up Sunday following two fires in the rear of stores on W. Avenue A, and turned over to Ed. C. Cline, Juvenile Court, for handling in this area. According to Vern Clark investigator, sufficient evidence was produced, but the boy denied having anything to do with the fires.

The City Fire Dept. was called at 12:25 Sunday and extinguished a fire in the rear of Michael's Century Clothing Store caused by a 55 gallon drum of paint thinner becoming ignited. A north wind blew the flames in between the Clothing Store and Ted Irvin's Sign Shop, burning the outside walls of both buildings.

Greater damage to the clothing store was caused by both fire and water, according to Cecil Blair assistant Fire Chief.

The Dept. was called to a trash fire at 12:35 in the rear of Your Food Store, several doors west of the other fire, which was easily put out but could have caused considerable damage as an L.P. Gas tank was near the trash.

Blair who suspected that someone had set the fires called Vern Clark and the evidence was traced to the culprit.

We the people of the U.S. of A. more than four billion pounds of fish and shell fish last year.

Nat'l Convention Reports Heard At Legion Aux. Meet

Mrs. Winnie Wellman 8th district president, of West Palm Beach was guest speaker at the regular meeting of the American Legion Auxiliary Post 20.

She gave an interesting talk and made reports on her trip to the National Convention held in San Francisco, Calif., and also stressed membership. Mrs. Lois Tanner, rehabilitation chairman, gave reports on the Joy Shop articles for hospitals and the need to get them out early.

The group announced that the toy Case tractor had arrived and tickets would be sold on it in this to go to the Xmas Fund.

Last Thursday, Mrs. Louise Kichikowski, president of local post, Mrs. Happy Ogle and Mrs. Hubert Swain attended a school of instruction in Hospital work at the Pratt Hospital in Coral Gables. They attended one day each month.

Hostesses were Mrs. Kichikowski, Mrs. Swain and Mrs. Ogle.

Mrs. Cieslikowski Dies In Bean City

Mrs. Valentina Cieslikowski, 64, died Sunday morning following a long illness at the home of her daughter, Mrs. Edward Zwicky in Bean City. A resident of Bean City for the past five years, she came from Trenton, N. J., and was a member of St. Philip's Catholic Church here.

Other survivors include a daughter, Mrs. Marie Howlhub, Hialeah; a son, Raymond Cieslikowski, Trenton; three brothers, Mike, Frank and Walter Kowalski, all of Trenton; two sisters, Mrs. Katherine Kuchnicki, Trenton and Mrs. Helen Chokop, Chester, Pa., and five grandchildren.

A recitation of the rosary was held Sunday at 8 p. m. at the Wedderburn Funeral Home and a requiem mass followed on Tuesday at 9 a. m. in St. Philip's Church, Fr. Charles Anderson pastor officiating. Burial was in Trenton, N. J.

Funeral services were E. A. McCabe, Cecil Grant, Robert Camm, County Commissioner, Ernest Amedee, Joe L. Murphy and Peter LaChance.

Aid To Fair Group

Assurance that the Beach County will again have its annual county fair this year, was seen in action taken Monday by the County Commission which pledged financial aid and help to the Fair Association.

Vince Burkhardt, president of the fair board, appeared before the commission, seeking assistance to overcome a hardship which prevailed after the association agreed to give up its permanent location in the John Prince Memorial Park, if the area was needed for a four-year period.

The association, according to Burkhardt, has raised upwards of \$20,000 for construction of permanent buildings on the site.

and has won approval of the state for matching funds of \$20,000. Decision to delay the associations improvement program on the grounds, Burkhardt said, has resulted in the fair Board's funds, not held by the state, not being available for the coming exposition.

The commission agreed to release \$5,000 which the county has budgeted for the fair and also agreed to aid the association in rebuilding temporary platforms for exhibits, to help clean up the grounds and to improve entrances to the park and parking lots.

The county fair last year drew an attendance of some 91,000 and Burkhardt said his association feels that the fair is important enough to the community that it should be held again this year, even though some hardships have been caused by not having permanent buildings ready for the exposition.

BUSINESS OPPORTUNITY — Mary Carter Paint Factories of Belle Glade for the purpose of operating a Paint Franchise to service the South-Lake Okeechobee vicinity. Our Company is known for its special free gallon offer on all purchases. This, of course, is self-advertising and helps to build up a business in a short period of time. Our other franchises throughout the state of Florida have succeeded in this fine fashion that we feel the Belle Glade area can be very lucrative to a person with high ambition. Many of our franchisees are making up to \$15,000 per year, thus the increased costs. If you are already in business, or would like to get into an exclusive Paint business, we would like to talk to you. If this proposition is of interest to you, please notify Mary Carter Paint Factories, 4505 West Osborn, Tampa, Florida. 11-2-t

Belle Glade Galfers Lose Two Games

Members of the Ladies Golf Club, of Belle Glade played their first game in the fall session of the Palm Beach Country Club at the Palm Beach Country Club on Monday, October 23. The club's first game was a 12½ points to Delray's 23½ points.

This week the local galfers journeyed to Lake Worth, where they lost 13 to 23 points.

Playing on the team in both matches were Rapley Weeks, Kat Weeks, Edith Van Landingham, Louise McWhorter, Mutt Wilson, Jerry Kiedzie, Louise Rhodes and Zelma Betzner.

Next Monday the girls will play West Palm Beach on their course.

STUART WINS OVER (Continued from page one) players seemed to be aware of it but were unable to throw it in spite of repeated efforts.

Stuart controlled the ball throughout the first half and with less than a minute to go in the second quarter in 4th down and long yardage situation, they passed 30 yards for a touchdown and kicked the extra point. The Tigers received to open the second half and roared for a second score that put the game on ice and out of reach of the lachrymose Rams. Belle Glade mustered enough drive to score a touchdown on the next series of plays but missed extra point.

Fla. Cattlemen's Assn. Meets In Ft. Pierce

Don C. Collins of Kit Carson, Colorado, president of the American National Cattlemen's Association, will be the main speaker at the Florida Cattlemen's Association final convention session in Ft. Pierce Thursday, November 15. It's been announced by Secretary June Gunt.

Speakers at the Wednesday, November 14, session will be August R. Ring, chairman of the Merchandising Department of the National Live Stock and Meat Board, who will give a meat demonstration to the assembled cattlemen, and the Agricultural Stabilization and Administration for Florida, Eugene H. Boyles of Gainesville, who will talk on the Soil Bank Program.

The convention will be held at Shamrock Village in Fort Pierce, with a directors' meeting at 3:00 p. m. Wednesday, November 14, the first event on the schedule. Convention will adjourn about 2:30 p. m. on Thursday, November 15.

Smith Discusses Labor Stabilization At Rotary

"Stabilization of Employment" was the subject of a talk by Lee L. Smith, of the local Florida State Employment Service, at the regular luncheon meeting of the Rotary Club.

He stated that employment service personnel were charged with the responsibility of maintaining an even balance between supply and demand of workers and jobs.

"Unemployment," Smith said, "originates constantly. Every time a wage earner ceases to bring home a weekly pay check, business feels the loss of a customer and local, state and federal reserve is decreased."

He pointed out the necessity of all applicants for jobs to register for work and for all employers to list their job openings with his office.

"In this way," he said, "unemployment is kept at a minimum and a healthy, progressive and prosperous community is the result."

Realtors To Discuss Zoning With Consultant

A meeting of Palm Beach County realtors and the county zoning laws to discuss proposed zoning laws for the county, has been set for Nov. 9.

Some time ago, a realtor's committee asked to meet with the commission to discuss county zoning and the board agreed to the joint session with George Simon, the county's zoning consultant would be able to attend.

The little witches, ghosts, devils and other mask characters played several games and listened to a story of "The Old Witch."

Refreshments were served to Vicki McCarty, Kathy Ogilvie, Carolyn Dean, Janet Ramsey, Ramona Atkinson, Millie Kirchman, Debbie Penta, Donna Rashley, Joyce Kirchman, Alney Rashley, Wilma Rashley, Barney Rashley.

Sixth Grade Club Elects Sammy Hunter, Pres.

The Junior Garden Club of the Sixth Grade was organized in the school cafeteria Tuesday afternoon, October 23, with Mrs. Julius Harris and Mrs. Luther Jonke in charge. The club was sponsored by the Garden Study Club. The following officers were elected: President, Sammy Hunter, Vice-president, Barbara Stone, and Secretary, Jacqueline Ellis.

Tentative plans were made to study the birds and learn their identity. A bird scrapbook contest was announced, with awards being made at the annual flower show in May. It was decided to plant the plants in the center of the newly paved road by the elementary school building, this project to be shared with the Fifth Grade Junior Garden Club.

Arrangements of dried material and hibiscus were placed in each of the sixth grade rooms, with committees appointed by the president to replenish the hibiscus blooms daily.

Small Chandler (or Air-plant) plants were given to each of the present, with instructions to grow for the project.

Those attending were: Tony Berryhill, Lee Betzner, Ray Bedeole, Bobby Blakey, Bobby Carter, Cynthia Clayton, Tommy Dean, Sherry Dault, Jacqueline Lee Ellis, Peggy Farmer, Kay Gilbert, Sandra Glisson, Gary Griffin, Vicki Hollingsworth, Carolea Holton, Sam Hunter, James January, Jack Johnson, Faye Johnson, Jeff Lance, William LeFlin, Freddie McCord, Carol McSwain, Jerry Odum, Avaagil Poole, Carl Spill, Barbara Stone, Larry Stultz, Tommy Scheffer, James Sullivan, Beverly Bait, Johnny Whitmore, William Jean Waldron and Wayne Wood.

Junior Legion Aux. And Guests Partied

Members and guests of Junior Legion Auxiliary were entertained at a Halloween Party in the Municipal Park Shelter, which was decorated in the Halloween theme from a previous Sunday School Party, which the group enjoyed.

The little witches, ghosts, devils and other mask characters played several games and listened to a story of "The Old Witch."

Refreshments were served to Vicki McCarty, Kathy Ogilvie, Carolyn Dean, Janet Ramsey, Ramona Atkinson, Millie Kirchman, Debbie Penta, Donna Rashley, Joyce Kirchman, Alney Rashley, Wilma Rashley, Barney Rashley.

Water Resources Study Commission Holds Hearings On Recommendations

WATER RESOURCES STUDY

Complimented by laymen, engineer and scientist on the "most thorough job of awakening Floridians to the immediate need of implementing well considered plans for intelligent use and conservation of our water resources", the Water Resources Study Commission, held the second of eight hearings planned throughout the State on its tentative broad recommendations, at West Palm Beach Tuesday morning of last week.

Chairman Byron Herlong, Senator Doyle Carlton, Jr. and James A. Ball represented the committee with Dr. David B. Smith of the University of Florida in the capacity of Director.

More than two score citizens, engineers and scientists made statements, each offering a suggestion as to possible clarification and elaboration of the proposals.

Several speakers discussed the proposal that the suggested "permanent Board of Water Resources" be given "supervisory authority over each multipurpose water management district."

One suggestion was that "advisory" be substituted.

Chairman Herlong and Member Ball assured the speakers that the Commission is wary of concentrating authority in Boards or Commissions in Tallahassee, and asked for suggestions.

Through this Commission local committees in each of the counties held public hearings where everyone was invited to discuss any water problems. These discussions were catalogued and subheaded under major subjects. Technicians, engineers and scientists were asked to make reports and analyses for the benefit of the Commission.

After study of these reports, the Commission came up with the tentative recommendations to the Legislature printed below. It is on these recommendations that the hearings are being taken to the people for final discussion, criticism or elaboration.

Everyone appearing last Tuesday emphasized the need of concerted and immediate legislative action.

Next Tuesday VOTE
for Governor
LeROY COLLINS

Florida Is Now Making Its Greatest Gains In History!

LeRoy Collins has made a fine Governor for ALL Florida and ALL Floridians. Florida is gaining by leaps and bounds.

LeRoy Collins seeks in Tuesday's General Election the support and confidence of ALL citizens who want sound and progressive government.

FLORIDIANS — Let's show our confidence in our Governor . . . our approval of his fine record. Let's show we're proud to have Florida in the front rank of progressive states with the leadership of a progressive Governor.

Vote to Elect
LeRoy COLLINS Your Governor

FLORIDA WATER RESOURCES STUDY COMMISSION'S TENTATIVE BROAD RECOMMENDATIONS

1. That a comprehensive water law be established in Florida.
2. That the law preserve insofar as possible the existing rights of water users in Florida as developed by our present statutes and case law.
3. That in the law a set of legal definitions be included so as to clarify existing water law and rights of our people thereunder.
4. That a permanent Board of Water Resources be established to administer the comprehensive water law and to assure the fullest utilization of the water resources by research, planning and implementation. Further, that the Board members be selected from the different geographical sections of the state, and that the Board be instructed to make periodic recommendations to the Legislature for suitable programs and legislation based on the Board's findings.
5. That under the general supervision of the Board, means for regional control of water use in the different major hydrologic areas of Florida be provided, since problems of water use in this state are primarily regional and dependent upon factors of precipitation, topography, population, and recreational, agricultural, and industrial development which vary greatly from region to region. Further, that the Board be empowered, after conducting comprehensive engineering studies, to divide the state into such regional areas as it may find to be necessary and advisable, such areas to include such major watersheds as sound hydrologic principles dictate.
6. That the Board be authorized to exercise regulatory powers over the use of water in such regions, only after full public hearings are held in the region and a determination made that such regulation is necessary in the general welfare. Further, that such regulatory powers include but not be limited to the following functions:
 - (a) to authorize the storage and use of waters, including flood waters, in excess of existing reasonable uses;
 - (b) to authorize the diversion of water beyond riparian or overlying land; and
 - (c) to delineate from time to time such areas within the respective regions where diversion of surface or underground waters exceeds or threatens to exceed the natural replenishment of such waters or to render them unfit for use by reason of salt water intrusion or other causes. Further, that in areas so delineated, permits from the Board be made a prerequisite for diversion of over a minimum amount established as reasonable by the Board, which permit may be refused by the Board on good cause and when necessary for the conservation of the supply in the best interest of the people of Florida.
7. That statutory authority be provided to permit and encourage the organization and operation of new multipurpose water management districts and to permit and encourage the broadening of the powers of existing districts to include additional water management functions. Further, that the Board be given supervisory authority over such multipurpose water management districts.
8. That provision be made for appeals to the courts of Florida from decisions of the Board.
9. That there be created a division of the Board which shall function freely as a body for gathering, analyzing and presenting factual scientific data for the guidance of the Board.
10. That a program be established by the Board to provide the public with useful and current information on the activities and findings of the Board and its cooperating agencies.
11. That the Board be authorized to cooperate with federal, state and local agencies and with water use organizations in Florida, when such cooperation will contribute to the realization of the overall water policy developed and administered by the Board.
12. That the Board be authorized to require permits for, and establish conditions with respect to, all artificial water modification attempts within the state.
13. That a state agency be instructed by the Legislature to investigate the beach and shore erosion problem in Florida and to make recommendations concerning the desirability of establishing comprehensive beach and shore erosion protection laws.
14. That funds be made available to complete such mapping in Florida as is necessary to determine the major hydrologic areas of the state.
